STRONG VALUES

Our brand and products embody the values in which we sincerely believe and that serve as our foundation on a daily basis. Because we have much to share besides ping-pong.

HIGH STANDARDS

We make sure to give our best, whatever the circumstances. It is for this reason that we are constantly evolving, and that we put passion and energy at the heart of everything we do, committed to achieving excellence. Our standards motivate us to improve and exceed, and this is best expressed through the quality of our products.

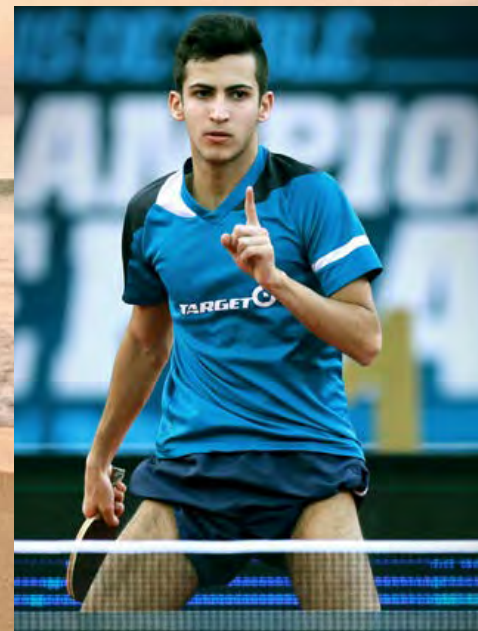

E N J O Y M E N T

Cornilleau aims to provide moments of joy, create connections and help people come together. We are proud to develop products that are both user-friendly and pleasant on the eye. We are eager for them to represent the positive mindset that drives us and to constitute sources of well-being – a well-being that we promote both internally and externally..

F A I R - P L A Y

To be the best, yes, but not at any price. We always favor the solution which seems the fairest to us, respecting a spirit of fair play, which we do not compromise. It guides us, enables us to progress together, as a team, and reminds us of our duty of solidarity. We prioritize people, and therefore the planet, with long-lasting and repairable products, produced in good conditions.

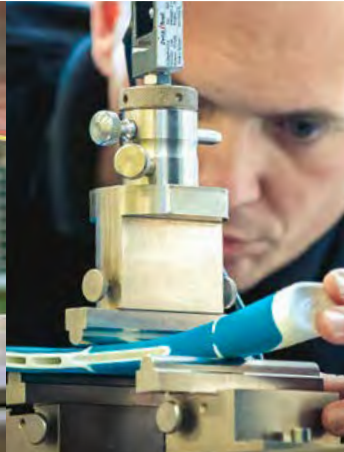

C H A L L E N G E

A taste for challenge and thirst for innovation define us. They push us to be bold and competitive. We do not fear being tested – this is a source of motivation. For us, each challenge is first and foremost a joint challenge, and it is with this attitude that we are successful.

MASTERED KNOW-HOW

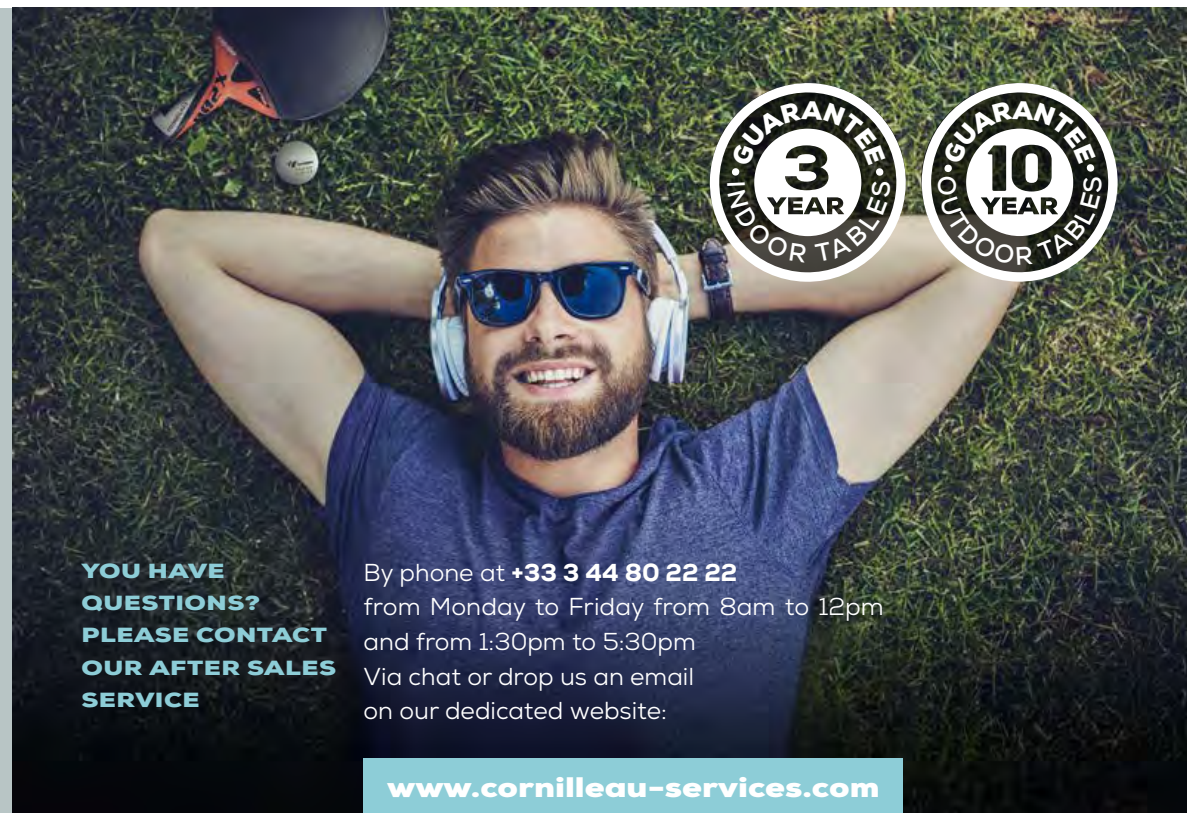

Cornilleau is developing in the global market place thanks to high quality, innovative products with a distinctive design. Through the development of a brand new generation of wheels, we have succeeded in improving the mobility and manoeuvrability of our tables, without ever making the slightest compromise in terms of safety, stability and sturdiness. All the Cornilleau tables are developed and manufactured in France, within the very hub of the business, in Bonneuil-les-Eaux in the Oise department (Picardy), the Cornilleau family's native village. The research and development laboratory associated with the marketing unit are here at the heart of the factory: 'Made in France' engineering intended to devise, design and manufacture all the products, for today and tomorrow.

THE CONFIDENT CHOICE

Cornilleau guarantees its tables against any manufacturing defect for a period of 3 years. This guarantee is extended to 10 years for outdoor tables. This 10-year warranty applies to all the various components, with the exception being the wear parts (wheels, net and net posts). All our tables adhere to the European safety standard EN 14468. Nevertheless, in order to ensure the highest level of safety, Cornilleau has positioned itself a long way above this standard. Cornilleau strives to offer the highest quality products. However, some of our products undergo wear and tear over time. That's why we feel it's important to provide you with the best possible after-sales service. Our after-sales services goes beyond simply exchanging your product in event of a problem.

You will also ensure the availability of spare parts for your table over a 20-year period.

DESIGNED FOR CHAMPIONS

Cornilleau has been working with the biggest names in table tennis for over 40 years. Their performance, reputation and sporting attitude make them treasured ambassadors for Cornilleau. Their in-depth knowledge of the game is also a precious source of inspiration, helping us design world-class products. Their eye for detail, high standards, sensitivity and tactical approach to the game are key when it comes to creating the highest-quality tables and rackets. Whether they are leisure ambassadors or members of Team Cornilleau, they all share the same values and determination to play great table tennis.

AN EXTRA-ORDINARY STANDARD OF SAFETY

DSI[®]

CENTRALISED SYSTEM

INTEGRATED DOUBLE SECURITY

Using a central release handle, the table can be opened and closed with extreme ease. The DSI system has 16 locking points. The table is fully locked in playing and storage positions. What's more, because of its unique system, if a child opens the table and releases the handle, the panel automatically locks at 65°, thereby avoiding any risk of accident. Finally, if the top is not fully locked in the playing position, a second locking level stops the top from flipping over.

NOT JUST A GAME

Whether it's seen as a sport, leisure activity or simple pastime, table tennis is above all a chance to get together, have a laugh and make some good memories. In the sunshine, on rainy days, by yourself, as a twosome or in a group - everyone has their own way of enjoying table tennis. As well as the wonderful freedom you get from playing, table tennis is one of those rare sports that anyone can have a go at. The tables in the Sport range reflect this philosophy, which captures the very spirit of the game. Their high quality, resistance to impacts, rain and extreme heat, along with their safety features and the great playing experience they offer, mean everyone can enjoy the pleasures of table tennis, worry-free.

YOUR TABLE, YOUR GAME, YOUR RULES

Performance isn't about a number, a result or statistics. It means each person striving to push their own boundaries, determined to outperform their own personal best. In the world of table tennis, performance can be exalted through the game itself, or by going against the grain, taking the game into unexplored territory. And when a challenging spirit, a competitive streak and the desire to play beautiful table tennis come together around the table, you'd better be ready to give it your best shot! With their stylish design, high-quality materials, exceptional range of features and skilled craftsmanship evident in even the smallest details, the tables in the Performance range offer a unique playing experience and push you to play at the top of your game. And it really is YOUR game - you set the rules.

SHOCKPROOF COMPETITION TABLE

LEISURE INDOOR TABLES

PLAYING AT HOME

Our Indoor tables are equipped with a painted chipboard playing surface. This surface is renowned for its great performance, especially its superior rebound quality at an affordable price. By contrast, it is not impact-resistant and is sensitive to humidity and sunshine. That's why these tables are designed for a specific type of use. It is generally recommended to opt for an outdoor table even if you'll be playing indoors. They have a comparable rebound quality but are much more resilient.

PERFORMANCE AND ELEGANCE

The official supplier to the FFTT (French Table Tennis Federation), Cornilleau has used its know-how to benefit the performance of professional players for over thirty years. Top-level calls for impeccable quality and Cornilleau's response is a range of 5 ITTF-approved tables, which have proven themselves in the federations' competitions as well as equipping out the clubs. Given that ping-pong is so visually striking, these competition tables have also been designed to be eye-catching. The attention to detail in this regard imparts a unique elegance.

Cornilleau is the first manufacturer to develop this system for competition tables. The patented COMPACT TECHNOLOGY system undoubtedly represents the best offer on the market in terms of storage, safety and ease of use.

Thanks to a central unlocking handle, the table can be opened and closed extremely easily. The DSI system has 16 locking points. The table is fully locked in the playing position and folding position. The safest table on the market.

BEST-IN-CLASS TABLES FOR A GREAT PLAYING EXPERIENCE

SKILTOP coating, specific to our competition tables, was developed with the best possible attention to detail. It ensures an extremely reliable and regular bounce, as well as optimum adherence to the playing surface for perfect return of play.

"P-BALL READY" SKILTOP

- Spin-sensitive finish specifically designed for plastic balls.
- Non-reflecting, matt, water-based and environment-friendly paint.
- Grey color (available only with 850 Wood ITTF and 740 ITTF): for a better contrast with the ball.

WHEELCHAIRPLAY

The leg assembly has been designed to allow for the locking of a chair under the table for wheelchair play. ITTF W standard.

ROBUST MATERIALS

The materials selected for our competition tables are particularly robust (example: sides and feet entirely made of steel).

FIXED POSTS

ITTF posts fixed permanently to the table will save you time on each installation. The height of the net can be adjusted without affecting tension.

MINIMUM STORAGE SPACE

The leg assembly has been designed to nest tables during storage, providing minimum storage space. Optimal storage size: 1 table = 65 cm + 45 cm for each added table.

AERO - AERO SOFT: enables optimum transmission to the handle of shock waves created on impact with the ball. The hand's sensory system, with its improved touch interface, immediately processes the sensations necessary to provide the perfect response!

DYNACELL: the optimization of the nature and structure of the material is the key to the elastic properties of a sponge and it takes energy release to a whole new level. This key now has a name: Dynacell.

OPTI FEEL CONCEPT: the wooden fibres of each layer of plywood, perpendicularly oriented one with the other, significantly improve stability. OFC provides excellent sensations, which immediately translate as greater control and precision.

EFFICIENT CURVE: made of 90% natural rubber, the efficient curve top-sheet provides an unrivalled grip on coverings this fast.

MAKING YOUR LIFE EASIER

AFTER SALES SERVICE & SPARE PARTS

Our customers benefit from high quality products and an excellent after sales service. Spare parts can be ordered directly from www.cornilleau-services.com for tables manufactured within a minimum of the last 10 years. Cornilleau after sales service located at our headquarters in Bonneuil-les-Eaux (France), this department comprises specialists who can answer your questions and offer advice via a simple phone call to:

+33 (0)3 44 80 22 22 from Monday to Friday from 08:00 am to 12:00 noon and 13:30 to 17:30 pm (French time).

SAFETY

All our tables comply with the European safety standards EN 14468. However, in order to ensure the utmost level of safety, Cornilleau has positioned its products well above this standard.

GUARANTEE

Cornilleau guarantees its tables against any manufacturing defect for a period of 3 years. This guarantee is extended to 10 years for outdoor tables. This 10-year warranty applies to all the various components, with the exception being the wear parts (wheels, net and net posts).

DIMENSIONS

- Cardboard packaging: height 141cm, length 157cm, width 10 to 20cm.
- Closed table: height 155cm, length 167cm (leisure and institutional range) and 183cm on all other models, width 75cm.
- Playing dimensions: height 76cm, length 274cm, width 152.5cm.
