

2018 Inspiration Guide

Over 30 years of experience handcrafting premium shuffleboard tables

*A passion for this game is what makes
Champion Shuffleboard different
than the others. Our commitment to
quality is about something more. It's
about heart! We are players, not just
manufacturers, which makes this
about pride and a love of the game.*

Kyle Stoltz
Owner / Player

History

For over 30 years Champion Shuffleboard has built a reputation of offering the finest shuffleboards in America. With precision handcrafted playfields and an elegant range of designs, Champion tables simply stand out. So what makes our shuffleboard tables different? The secret is in the details....

Our Playfield

We were the first to improve the playfield with a polymer finish. This creates a perfectly smooth, consistent surface that the most demanding players expect. Your Champion Shuffleboard will look great for its entire life thanks to our proprietary playfield finish!

Craftsmanship

Our design and production team takes pride in their work. Every single table is handmade from the highest quality wood components right here in the USA at our Texas manufacturing facility.

Products

Champion Shuffleboard tables are widely distributed throughout the world. If you've played on a table recently, you've probably played on a Champion Shuffleboard playfield. As players and craftsmen, delivering a quality product leaves a legacy for the game and that is important to us.

Our Sun-Glo product line has been mixing shuffleboard powders since 1935. Our product line of powders offer choices for all players, from the recreational enthusiast to the professional.

Collections

Ready to design an entire game room? Champion can outfit any space with a complementary line of pool tables, air hockey and foosball. Customize your collection with the same wood grain, styling and stain - all made in the USA.

*All Champion shuffleboards are handcrafted in
Richland Hills, Texas.*

Vintage Charleston

*What was old is new again!
An original 1940's
shuffleboard reproduction.*

Old world craftsmanship.
An elegant addition to any
home, pub or bar.

Kustic

A 3D rendering of a rustic wooden pool table. The table features a light-colored wooden top with a grid pattern and several pool balls (red, blue, and yellow) visible. The frame is made of dark wood and is supported by a complex, dark wooden X-shaped base structure. The table is shown from a perspective view, highlighting its length and the intricate design of the base.

Customize Your Table

Choose A Stain

Your new Champion Shuffleboard table can be finished with any stain color desired. Choose from our standard colors or a custom stain to match the woodwork in your game room. Contact your dealer to arrange a custom stain match.

The digital images in this catalog are as accurate as possible. However, color may vary slightly. Contact your local dealer to choose the exact stain for your new table.

Add A Custom Logo

Add personality to your new Champion Shuffleboard table with a custom logo built into the playfield. Proudly display the name of your bar, club, family name, favorite sports team, or any other logo to personalize your table. Simply provide your dealer with a high resolution logo file and we will take care of the rest.*

*College and professional team logos are copyrighted art. Written permission must be granted to be used.

Accessories, Powders and Maintenance Products

Champion is committed to an excellent experience for all players. Our tables are built to last forever, which is why we back them with a lifetime playfield warranty. The following accessories and maintenance products will keep your Champion Shuffleboard looking brand new for years to come!

Accessories

Board Wipe
Drink Holder
Shuffleboard Cover
T-Square
Bowling Pins
Bowling Pin Rack
Neon Wall Clock

Powders

Speed 1

Simply our fastest powder! Made from pure silicone ball bearings, this powder will challenge the pros. Finesse and touch are the key to winning with this powder - one of our best sellers.

Speed 1.5

Formulated for the serious player. Used in most tournament play and preferred by professionals.

Speed 2

Formulated for the serious player. Used in most tournament play and preferred by professionals.

Speed 3

This powder gives you speed and control as well as a faster game. A favorite Sun-Glo product for many years.

Speed 4

Provides a fast game with the ability to control your speed. A popular powder with many shuffleboard fans.

Speed 5

For a medium-speed game, and ideal for all 14' to 18' shuffleboard playing fields. Another popular powder for both professional and social players. This powder gives players a comfortable game with ideal speed and control.

Speed 6

This powder is best on smaller tables – a perfect partner to 9' to 12' tables. Provides a slower game for 14' tables.

Speed 7

This powder is designed for old bowler shuffle alley games. Can also be used as a slow powder for 9' to 12' tables.

Maintenance Products

Spray Cleaner

This product should be used regularly, based on play frequency. Spray cleaner quickly removes dirt and grime from the play surface. *Sold in 19oz cans.*

Combination Liquid Cleaner & Polish

This product removes grit and grime from the surface of your table and starts the polishing process. *Sold in 1 qt. cans.*

De Lux Paste Wax

Paste wax fills scratches and cracks in the finish of your table. We recommend that you use De Lux once every other month, to prevent your table from becoming too slick. *Sold in 1 lb. cans.*

Master Glaze

This product will add a protective coating to your playfield. Monthly use recommended in conjunction with other maintenance products. *Sold in 1 qt. cans.*

Silicone Spray

No matter which powder type you use, Silicone Spray is the perfect partner. A light coat reduces tracking, saves on powder and adds a ton of excitement to the game. Silicone Spray is designed to be used on shuffleboard tables. Spray before you play!

Maintenance Kit

This kit has all necessary items to keep your shuffleboard like-new. Contents include Cleaner & Polish, Spray Cleaner, Wax and Glaze.

Notes

This image shows a full page of white paper with horizontal dashed lines, typical of primary-ruled notebook paper. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings present.

The digital images in this catalog are as accurate as possible. However, color may vary slightly. Contact your local dealer to choose the exact stain for your new table.
