RADIUS

(This Page) **Finish:** Bright White (BWT)
Fabric: 15902 Cast Ash
Table: 3B1782
(Left Page) **Finish:** Bright White (BWT)
Table: 3B1782; **Finish:** Bright Gray (BGY)

Finish colors shown on page 203.

Radius is made from Rotoform, an environmentally friendly polymer product.

A photograph of an outdoor patio setting featuring TropiKane woven seating. In the foreground, a dark-colored woven armchair with a light-colored cushion is shown from a side-rear perspective. To its left, a dark rectangular table holds a white mug, a blue notebook, and a small plate with a green apple. Another similar chair is partially visible behind the table. The patio floor is made of large, light-brown square tiles. In the background, a light-colored stucco wall is on the right, and a lush green lawn with trees is visible through an opening on the left. The text 'TropiKane®' and 'WOVEN SEATING' is overlaid in white in the upper portion of the image.

SLING & PADDED SLING SEATING

SLING OPTIONS *Images are for illustration only

Sling

Single layer of fabric with a taut appearance.

Relaxed Sling

Single layer of fabric that does not have a taut appearance. There is more fabric in the seat and back surfaces for a more casual appearance and comfortable sit.

Padded Sling

Two layers of fabric encasing fiberfill create a slight rounded padding to the back and seat. May select a different fabric for the front and back.

BRAZO SLING

Brazo designed by Peter Homestead.

Finish: Greco (GRE)

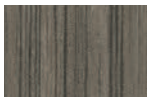

Arm Cap Finish: IPE (IPE)

Fabric: 11311 Cascade

Faux Wood Arm Cap Finishes

IPE (IPE)

Weathered Teak (WTK)

PORTOFINO UMBRELLA DETAILS

Finial
A 5" cast aluminum decorative finial is painted to match the frame color as the finishing touch.

Portofino & Portofino II Arms/Ribs
The Portofino 3/4" x 1-3/8" arms (0.5" x 7/8" on Portofino II) are non-tapered and are secured to the ribs with stainless steel nuts and bolts.

Portofino & Portofino II Hub
The hub is cast aluminum and engineered for extra strength. It is split horizontally to encapsulate the stainless steel direct connect pin assembly. Two screws secure the hub together.

Portofino II Upper Arm Reinforcement
The upper arm has a solid 6" bar reinforcement centered on the lower arm joint to provide added strength against the stresses of wind and weather.

PORTOFINO ALUMINUM UMBRELLA

Available Options: Different Color Air Vent, Alternating Panels, Double Air Vent, Box Valance, Extended Pole and Silk Screening.

PORTOFINO III ALUMINUM UMBRELLA WITH FIBERGLASS ARMS

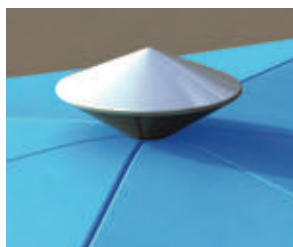

Available Options: Different Color Air Vent, Alternating Panels, Double Air Vent, Box Valance, Extended Pole and Silk Screening.

Arms and ribs are made of a flexible fiberglass material which will bend and give under wind gusts. Our 6' and 7' models use a 1/2" diameter solid tubular fiberglass arm and rib, while our 8' and 9' models use a 3/4" hollow fiberglass tubing for these parts. Fiberglass arm colors are brown or white specific to the frame.

Base options available on page 149.

TRACE UMBRELLA DETAILS

Finial
A contemporary cast aluminum finial, in matching frame finish, is a perfect finishing touch.

Arms/Ribs
Graceful curving ribs allow ease of use and functionality. Arms and ribs are extruded aluminum with an extra thick wall to provide strength and durability.

Pulley Lift
Available with a pulley option which includes stainless steel pulley blocks for superior use and weatherability. Cord is available in black only.

Manual Lift
Available with a manual lift which includes a cast aluminum easy grip hub with nylon shims. Features a stainless steel pin molded with the Tropitone® logo.

10' Triangle

UMBRELLA BASES

BASTA SOLE® recommends the use of our largest bases (125 lbs.) for all umbrellas – whether in-table or free-standing. Sleeve heights are 9" for in-table use and 15" for all free-standing umbrellas. If you are uncertain, please contact your local Tropitone® Sales Representative. FOB Irvine, CA & Sarasota, FL.

Steel Plate Square Base

Designed for strength with a low profile and rounded corners for safety. Available in all of Tropitone® Powder Coated Finishes. A square steel base provides a wider "footprint" than the round version for added weight and stability. It is available with optional built-in wheels for mobility. Two piece construction, 9" or 15" sleeve.

Steel Plate Round Base

Designed for strength with a low profile. Constructed from 3/8" or 0.5" thick plate steel. Pre-drilled holes allow these bases to be bolted down in windy areas. Sturdy foot pads raise it off the ground to protect decks. Available in all of Tropitone® Powder Coated Finishes. Two piece construction, 9" or 15" sleeve.

Cement Filled Aluminum Base

These bases are 100% rust proof and are available in weights up to 95 lbs. to support the largest umbrellas. The smooth-spun aluminum outer shell is available in all of Tropitone® Powder Coated Finishes. Two piece construction, 9" or 15" sleeve.

Cement Filled Cast Aluminum Base with Wheels

This heavy duty free standing base includes a bolted sleeve providing additional strength and stability. These bases include wheels, are 100% rust proof and weigh 125 lbs. The cast aluminum outer shell is available in all of Tropitone® Powder Coated Finishes. Available in free standing sleeve for 1.5", 2" and 2.5" umbrella poles.

In-Ground Gopher Sleeve

This base may be used when combined with a poured concrete footing. This method of anchoring requires an extended pole that must be 12" longer for safety and stability. Drilled collar allows for lock or bolt installation (bolt not included). Threaded cap included.

UMBPLY Umbrella Dolly

Heavy Duty Umbrella Dolly designed for moving CFA or Cement Filled Aluminum Base only. Available in Greco (GRE) finish only.

*Note: BASTA SOLE® Market Umbrella Bases are designed for durability, convenience and maneuverability, allowing umbrellas to be easily moved or repositioned without any loss of stability. Each base is built to the same high BASTA SOLE® quality standards, however, umbrella size, shape, environment and wind conditions must be factored into your selection.

TABLES

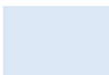

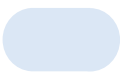

LEGEND

Icons represent the type of tops available for a specific table base.
Top model #/U indicates umbrella hole is available.

ACRYLIC & GLASS

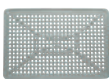

Our thick, resilient ACRYLIC table tops feature an attractive "hammered" textured pattern and are available on most Tropitone® tables. They are weather and shatter resistant, making them as tough as they are stylish. When ease of maintenance, durability and safety are of concern, Acrylic tops are the ideal solution.

All our GLASS table tops are 3/16" thick and are tempered for strength and safety. Our OBSCURE GLASS tops feature an attractive "hammered" texture which helps minimize finger prints and hide unsightly dirt. While our SMOKED GLASS tops are elegant and stylish, boasting crystal clarity.

	ROUND	SQUARE	RECTANGLE	OVAL
ACRYLIC (A/U)				
OBSCURE GLASS (G/U)				
SMOKED GLASS (GS)				

ALUMINUM

Enjoy the artistry and elegance of aluminum table tops without the expense. BOULEVARD and LA'STRATTA PATTERNED ALUMINUM table tops complement our furniture collections. These aluminum outdoor table tops are the ideal table surface where cost-effective durability is required.

BOULEVARD (SB/U)				
LA'STRATTA (SL/U)				

STONEWORKS®

Designed to mimic Italian quarried stone, these FAUX GRANITE table tops offer a regal appearance with easy maintenance. Weather-resistant and durable, these tops feature a chiseled edge and hand-applied patinas protected by strong sealants.

MATRIX table tops are made of glass-fiber reinforced polymer designed to provide a similar appearance to concrete and terazzo. The tops are commercial-grade quality, designed to resist fading and cracking.

FAUX GRANITE (FG/U)			
MATRIX (TX/U)			

Inspired by nature, SABIA table tops are made of glass-fiber reinforced polymer for a durable outdoor table. Sabia tops allow tables to be grouped together seamlessly.

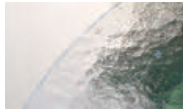

SABIA (SA/U)			
--------------	---	--	---

The SUMMIT table tops feature a texture that mimics flamed granite and a smooth beveled edge with mitered corners.

SUMMIT (SM/U) (Beveled Edge)

BAR STOOL ORDERING (25" UP TO 30" HEIGHT ONLY)

DETERMINING BAR STOOL HEIGHT *This information is for only those bar stools that can be ordered in various heights.

Tropitone® Bar Height Tables accommodate 28" bar stools. Tropitone® Counter Height Tables accommodate 25" bar stools. Custom bars and counters may require a custom seat height for optimum comfort. To determine required seat height, subtract 10" from the bottom of the counter. This will be desired seat height. Note: Allow for a minimum of 1.5" for arm clearance.

Bar/Counter Height: The distance from the top of the table surface to the ground.

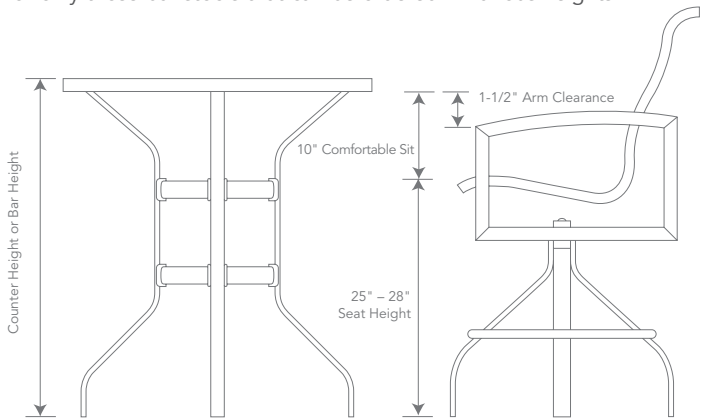

Seat Height: The distance from the highest point of the seat to the ground. The most comfortable seat height for most body types is at least 10" from the seat to the underside of the table.

Arm Clearance: The distance from the highest point of the arm to the bottom of the table surface. A minimum arm clearance of 1.5" is suggested for all bar stools. Clearance of less than 1.5" is not recommended.

CUSTOM SEAT HEIGHTS

To specify a custom seat height, measure from the floor to the bottom of your counter surface and subtract 10 inches. To order, use the grid to select the model number and add the appropriate seat height. For example, a Montreux Sling Bar Stool with a 27" seat height is model #710127-27. Note: Tropitone® Bar Stool seat heights have a tolerance +/- 1/2".

The following seat heights are available at standard bar stool pricing: 25", 28" and 30". The following seat heights are available at an upcharge: 26", 27" and 29". Contact your Tropitone® Sales Representative for details.

Description	Model	Seat Height					
Brazo Sling	831727	-25	-26	-27	-28	-29	-30

GENERAL ORDERING

ORDERING

When specifying colors, please list the frame finish first, followed by the fabric or vinyl color(s).

FABRICS

See separate Tropitone® Fabric Book or www.tropitone.com for each specific fabric construction and usage.

Stripes and Patterns

See separate Tropitone® Fabric Book or www.tropitone.com for pattern repeat and stripe directions. Every effort is made to match the stripes and patterns, front to back, for a professionally tailored appearance. However, we cannot guarantee exact matching. Due to sewing tolerances, some shifting may occur. Striped and patterned fabrics are not recommended on modular pieces because they may not align.

Cut Yardage

All fabrics are available by the full yard. Please consult the Tropitone® Price List for fabric pricing.

COM (Customer Owned Material) Fabrics

Subject to factory approval. Customer must assume fabric liability. Contact the factory or your Tropitone® Representative for width and grade requirements. Please side mark all COM with customer name, P.O. number and sales order number. Customer is responsible for sending COM fabric sample for prior approval.

TABLES

Tropitone® Tables are available with a variety of top surfaces. Many dining tables are available with or without umbrella holes. Refer to the Tables section in this catalog or the Tropitone® Price List for availability.

CUSTOM

Colors, Table Sizes and Chair Heights: Special vinyl and frame colors are available at additional charges and minimum order quantities. Many table and chair styles can be modified in height and size at additional charges and with certain structural restrictions. Please contact a Tropitone® Sales Representative for additional information and quotations.

PRODUCT AVAILABILITY

It is Tropitone's policy to continuously improve designs, materials and manufacturing methods in order to provide you with the finest outdoor furniture investment. Therefore, variations in specifications, materials, prices, styles and colors may be made without notice.

RETURNS

Written authorization is required on goods returned. No credit will be allowed for goods returned without our written consent. Refer to the Tropitone® Price List for detailed information.

Freight Claims: Please refer to the Tropitone® Price List.

SAFETY INFORMATION

To ensure that your experience with Tropitone® Furniture is long and enjoyable, please follow these simple safety tips:

Warning for Tropitone® Chaise Lounges:

Never adjust the headrest while seated in a chaise lounge. Serious finger, hand or bodily injury may result. Always adjust the headrest while standing to the side of the chaise lounge.

During windy conditions the chaise lounge headrest may blow forward resulting in serious head, face, neck, arm or back injury. Discontinue use immediately if winds cause the furniture to move inadvertently.

Warning for Tropitone® Fire Pits:

Never leave a fire pit on when unattended. Never operate a fire pit indoors or in an enclosed space.

Warning for BASTA SOLE® Umbrellas:

Always close umbrellas when not in use or during windy inclement conditions.

For additional safety information, please consult the Tropitone® Care and Maintenance Brochure located at www.tropitone.com/product-care.

WARRANTY INFORMATION

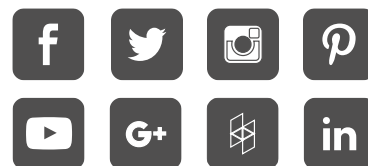

Warranty is valid from the date of purchase to the original purchaser only. Proof of purchase (original sales receipt including purchase date) is required. Photos or inspection may be required.

For the current Tropitone® Warranty, please visit www.tropitone.com/warranty.
